

Mark Loewe's responses to Texans for Responsible Marijuana Policy questions
4 September 2020

Do you agree or disagree that states should be able to carry out their own marijuana policies without interference from the federal government?

Agree

Do you support or oppose descheduling cannabis, removing it from the Controlled Substances Act, and allowing domestic cannabis research?

Support

Do you support or oppose state-licensed cannabis businesses having legal access to the banking system as to avoid doing business in cash?

Support

Do you support or oppose Veterans Administration doctors being allowed to recommend cannabis to treat service-related injuries?

Support

Comments (250 character limit)

To improve health care and lower costs, I favor unlimited competition, with public access to track-record and cost statistics of treatments and practitioners, no liability for bad outcomes, but civil and/or criminal penalties for fraud and malice.
